

SAVE WOODLAWN STABLES

Were you aware of a last minute plan by the FHWA (Federal Highway Administration) for a bypass option from Rte 1 to Mt. Vernon Memorial Hwy that would destroy Woodlawn Stables, the historic Otis Mason House site and the open land it occupies? The stables owners and the community were not brought into comment as an interested party adversely affected by this proposal. The concerned citizen's group known as "Save Woodlawn Stables" supports the alternate widening in place proposal that has less impact on the historical, cultural, environmental and architectural resources of the entire Woodlawn historic district. For more info and how you can help please:

ATTEND the Public Hearing
Tuesday June 5th 6:00 pm
HAYFIELD HIGH SCHOOL
7630 Telegraph Rd Alexandria, VA
